CAREER OBJECTIVE

Computer Science student with hands-on experience in Java, React.js, and MySQL through internships and real-world projects. Strong problem-solving skills, quick adaptability, and a passion for building impactful software solutions. Eager to contribute to development, collaboration, and continuous improvement within the organization.

INTERNSHIPS

ROLE AS INTERN | YHills Edutech Pvt. Ltd. (Java Programming Intern)

- Developed programming solutions using **Core Java, OOPs, and Data Structures**, strengthening coding and logical reasoning skills.
- Solved multiple coding assignments and debugging challenges by applying structured problem-solving approaches.
- Improved code efficiency and understanding of software development fundamentals through hands-on practice and project-based learning.

ROLE AS INTERN | InternPe (Web Development Intern)

- Built responsive web pages using **HTML, CSS, and JavaScript**, ensuring compatibility across different screen sizes and devices.
- Implemented interactive UI features and resolved frontend design challenges to enhance user experience and usability.
- Delivered web development tasks following industry-standard coding practices, improving website functionality and maintainability.

PROJECTS

AI Enabled Women Safety App (HerShield) | React.js, JavaScript, Node.js, Express.js, MySQL

- Developed a women safety application to address emergency response challenges by integrating **SOS alerts, live location tracking, and emergency contact notifications**, enabling faster communication during critical situations.
- Implemented an **AI-powered chatbot** and safe-zone feedback system using a user-centric approach to provide real-time assistance and improve safety awareness.
- Designed and tested responsive user interfaces with **dark/light mode support**, enhancing accessibility and delivering a reliable end-to-end safety solution for users.

EDUCATION

B.Tech (Computer Science & Engineering) **|** Sagar Institute of Research & Technology, Bhopal (RGPV) **|** CGPA : 7.5 **|** Expected Graduation: 2027

Class XII (PCM) **|** School for Excellence, Dewas (MP Board) **|** 85% **|** 2023

Class X **|** School for Excellence, Dewas (MP Board) **|** 90% **|** 2021

SKILLS

Programming Languages: Java, JavaScript,

Web Technologies: HTML, CSS, React.js

Database: MySQL

Core Concepts: Object-Oriented Programming (OOP), Responsive Web Design

Tools: Git, GitHub, VS Code
